["I have now in my possession but one gold dollar, and find them very hard to get."]

Messrs S H & H. Chapman
Dear Sirs:—

Your postal to hand & contents carefully noted. I have at present in my possession but one gold dollar, and find them very hard to get. I know of a party who has quite a number but he is well posted in the price, and at what I got before for them, I do not think it would justify me to buy

them at all. Also the lady from who I got my ones before has still some more but the last time I bought them she told me she would not sell any more as she thought she might get more for them latter on.

Leave me know your very highest you can give for them and I assure you if I can make anything for my trouble I will do all I can to get them for you. If price is right I may be able to get anywhere from 25 to 50 of them

Hope to have a favorable reply

I remain

Yours Chas T Cramm
